BRICKLAYERS

Harveys

Harvey's Brewery is the oldest independent brewery in Sussex. We are a family business, and the brewery has been in the custodianship of John Harvey's descendants since 1790. Harvey's are also the only brewery in Britain to recycle and reuse their glass beer bottles!

Sustainability

Introducing our commitment to sustainability: Our menu features ingredients sourced from local butchers, green grocers, and fishmongers within a 15-mile radius. By prioritizing local sourcing, we not only support our community but also reduce our carbon footprint and ensure the freshest flavors for our dishes. Enjoy a meal that is not only delicious but also mindful of the environment and the local economy. Taste the difference that local sourcing makes!
